HAYWARD®

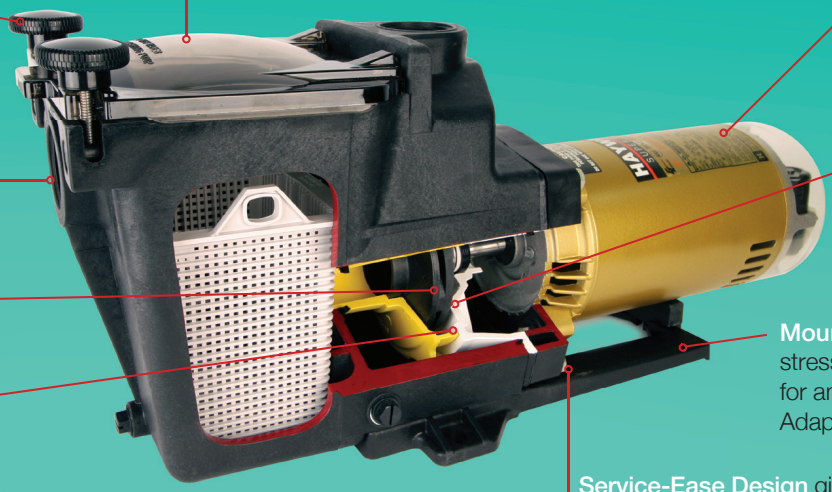
PUMPS

Super Pump®

Medium Head Pump Series

A proven classic — super efficiency, value and reliability.

The Hayward Super Pump sets the standard for excellence and value. Designed for in-ground pools and spas for all types and sizes, Super Pump combines proven performance with quiet and dependable operation.



See-Through Strainer Cover lets you see when basket needs cleaning and eliminates guesswork. Special self-adjusting seal ensures dependable sealing.

Exclusive, Swing-Away Hand Knobs make strainer cover removal easy. No tools required... no loose parts... no clamps.

Heavy Duty, High Performance Motor with air-flow ventilation for quieter, cooler operation.

Super-Size Housing and diffuser ensure rapid priming.

Heat-Resistant, Industrial-Size Ceramic Seal is long-wearing and drip proof.

Corrosion-Proof Impeller has smooth, wide openings to prevent fouling or clogging.

Mounting Base provides stable, stress-free support, plus versatility for any installation requirement. Adapts 48- and 56-frame motors.

Self-Priming (suction lift up to 10' above water level)

Service-Ease Design gives simple access to all internal parts. Motor and entire drive group assembly can be removed, without disturbing pipe or mounting connections, by disengaging just four bolts.

Super Pump Features & Benefits

- Self-priming with suction lift to 2.4 metres above water level.
- PermaGlass XL housing for extra durability and long life.
- Lexan see-through strainer lid not PVC.
- 110 cubic inch basket.
- Heavy-duty, high performance motor for quieter, cooler operation.
- New, thicker, heavier 40mm barrel unions.

Large basket has extra leaf-holding capacity and extends time between cleanings. Rigid construction with load-extender ribbing ensures free-flowing operation for heavy debris loads.
